Tik Tok Review - Data Introduction

Where does the data coming from?

Data name: **Tik Tok review on Google Play Store**

Source: Google Play review

Timeline: **01 Jan 2024 - 31 July 2024**

Collecting method: Utilizing the 'google_play_scraper' package to extract only English comments from the webpage.

What is the goal of this project?

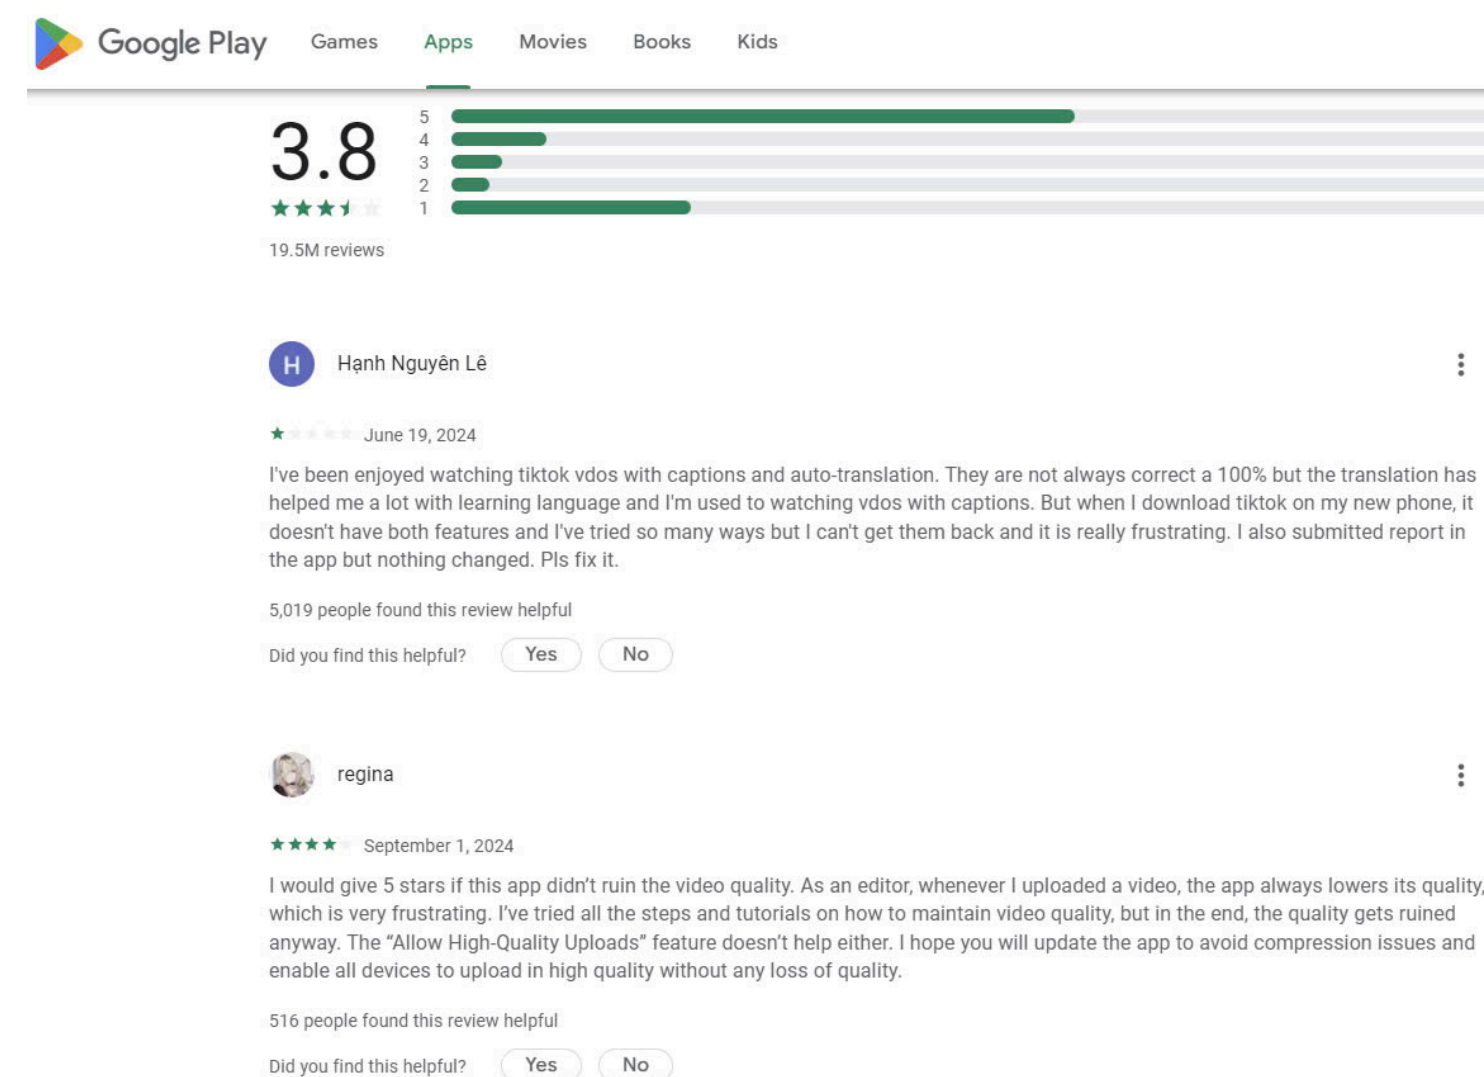

TikTok is one of the most popular apps among Generation Z in Vietnam. According to worldpopulationreview.com, Vietnam has over 69 million TikTok users, representing more than 60% of the country's population. The aim of this project is to explore:

- . User sentiment toward TikTok, as well as their interests and concerns with the app, using the 'nltk' package in Python.
- . Additionally, it serves as a practice in applying Python packages for word tokenization and sentiment analysis.

Tools used:

- . Python: Collecting, Cleaning, Analyzing
- . Google sheet: Further Analyzing
- . Power BI: Illustration

** Vietnam Population September 2024: 99,614,134 by [Danso.org](https://danso.org)
